CERTIFICATION

Basic Artificial Intelligence – Dicoding and Google Cloud Partner	May 2026
Credential ID L4PQ99JNQPO1 Certificate	
Gemini University Student Certification – Google for Education	Apr 2026
Credential ID EE1C2A7F-30F4-411D-B9D7-CFF64713E68D Certificate	
MikroTik Certified Network Associate – MikroTik	Jan 2026
Credential ID 2601NA2724 Certificate	
Basic Cyber Security – IDNetworkers	May 2025
Credential ID IDN-1746776857-13888-54222 Certificate	

AWARDS AND ACHIEVEMENTS

Google Student Ambassador – Google Indonesia Selected to be one of two thousand GSAs throughout Indonesia Documentation	Apr 2026
KPP Youth In Action 2 – PT Kalimantan Prima Persada Recipients of social project grant funds Certificate	Aug 2026
International Conference on Data Science and Geoinformatics (ICDSG) – INABIMS Center Best paper awardee Certificate	Nov 2025
AHM GEAR Business Case Competition – PT Astra Honda Motor National finalist Certificate	Nov 2025
West Java Renewable Energy Exploration – Institute for Essential Services Reform (IESR) Delegated from Bali Province for the renewable energy exploration event Documentation	Jan 2024
Astra Honda Motor Best Student – PT Astra Honda Motor Silver medal in the invention category Certificate	Nov 2023
Festival of Innovation and Student Entrepreneurship in Indonesia – Kemendikbudristek, Puspresnas Silver medal in advanced business cultivation and cross-sector collaboration Certificate	Sept 2023
The 10th Ambassador Business Edupreneur – Universitas Pendidikan Indonesia Second place in the start-up business category Certificate	Nov 2022
Digital Innovation and Technology Competition – PT Astra International Tbk First place in the future of mobility category Certificate	Jan 2022

RESEARCH AND PROJECTS

- Analyzed academic requirements and built an information system using Next.js, ASP.NET Core, and SQL Server to streamline academic workflows for ASTRA Polytechnic | [Project Handover and Acceptance](#)
- Analyzed recruitment requirements and engineered a management system using C# and DevExpress to streamline candidate processing for PT GS Battery | [Live Demo](#)
- Analyzed asset management requirements and implemented an asset management system using PHP CodeIgniter 3 to digitize asset recording and streamline asset management processes for UPT Informatics | [Documentation](#)
- Designed and implemented a mobile-based AI learning assistant using Retrieval-Augmented Generation (RAG) to provide context-aware learning support for Informatics Management students | [Documentation](#)
- Developed a responsive company profile website using React.js to strengthen Cening Community's digital presence and provide accessible information about its activities and initiatives | [GitHub](#) | [Live Demo](#)
- Built Cornea Studio, a modern agency portfolio website using Next.js, React, and TypeScript, featuring responsive design and accessible user interfaces to showcase digital products and software services | [GitHub](#) | [Live Demo](#)
- Applied machine learning for sentiment analysis and clustering to analyze patterns in vocational education selection data | [Paper](#) | [Patents](#)
- Developed an efficient and interpretable melanoma detection model from dermoscopic images using an Explainable Artificial Intelligence (XAI) approach to improve model interpretability | [Certificate](#)

SKILLS

Frontend Development	: React.js, Next.js, JavaScript, TypeScript, HTML5, CSS3, Tailwind CSS, REST API Integration
Backend Development	: C#, ASP.NET Core, PHP, Java, Spring Boot, RESTful API Development, Dapper, AutoMapper, Authentication and Authorization (JWT), Entity Framework
Database	: Microsoft SQL Server, MySQL, Oracle Database
Tools	: GitHub, Postman, Power BI, Figma, Microsoft Visio, Microsoft Office
Soft Skills	: Leadership, Public Speaking, Critical and Analytical Thinking, Problem Solving, Time and Priority Management, Team Collaboration, Attention to Detail
Language	: Indonesian (Native), English (B1 - Intermediate)
